Financial Executives Institute of Australia

Notes to the financial statements 31 March 2014

1 Summary of significant accounting policies

The principal accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

(i) Special purpose financial report

In the directors' opinion, the company is not a reporting entity because there are no users dependent on general purpose financial reports.

This is a special purpose financial report that has been prepared for the sole purpose of complying with the Corporations Act 2001 requirements to prepare and distribute a financial report to the members and must not be used for any other purpose.

The financial report has been prepared in accordance with the recognition and measurement principles of Australian Accounting Standards and other mandatory professional requirements in Australia. It contains only those disclosures considered necessary by the directors to meet the needs of the members.

(ii) New and amended standards adopted by the company

None of the new standards and amendments to standards that are mandatory for the first time for the financial year beginning 1 April 2013 affected any of the amounts recognised in the current period or any prior period and are not likely to affect future periods.

(iii) Early adoption of standards

The company has not elected to apply any pronouncements before their operative date in the annual reporting period beginning 1 April 2013.

(iv) Historical cost convention

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of available-for-sale financial assets, financial assets and liabilities (including derivative instruments) at fair value through profit or loss, certain classes of property, plant and equipment and investment property.

(v) Critical accounting estimates

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the group's accounting policies. No areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are applicable.

(b) Income tax

The income tax expense or revenue for the period is the tax payable on the current period's taxable income based on the national income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences between the tax

Financial Executives Institute of Australia

**Notes to the financial statements

(continued)**

bases of assets and liabilities and their carrying amounts in the financial statements, and to unused tax losses.

Deferred tax assets and liabilities are recognised for temporary differences at the tax rates expected to apply when the assets are recovered or liabilities are settled, based on those tax rates. The relevant tax rates are applied to the cumulative amounts of deductible and taxable temporary differences to measure the deferred tax asset or liability. An exception is made for certain temporary differences arising from the initial recognition of an asset or a liability. No deferred tax asset or liability is recognised in relation to these temporary differences if they arose in a transaction, other than a business combination, that at the time of the transaction did not affect either accounting profit or taxable profit or loss.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

(c) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates and amounts collected on behalf of third parties including duties and taxes paid.

(d) Trade and other payables

These amounts represent liabilities for goods and services provided to the company prior to the end of the financial year and which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

(e) Cash, cash equivalents and term deposits

For cash flow statement presentation purposes, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less or term deposits that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts.

(f) Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost, less provision for doubtful debts. Collectability of trade receivables is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off.

(g) Employee benefits

Liabilities for wages and salaries, including non-monetary benefits, annual leave, long service and any accumulating sick leave expected to be settled after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are included under payables.

7 Events occurring after the reporting date

No events have occurred since the reporting date that would materially affect the financial statements.

8 Guarantee

Financial Executives Institute of Australia is limited by guarantee. If the company is wound up, the Constitution states that each member is required to contribute up to a maximum of \$20 each towards meeting outstanding obligations of the company.

Financial Executives Institute of Australia

**Directors' declaration
31 March 2014**

Directors' declaration

As stated in Note 1(a) to the financial statements, in the directors' opinion the company is not a reporting entity because there are no users dependent on general purpose financial reports. This is a special purpose financial report that has been prepared to meet the *Corporations Act 2001* requirements.

The financial report has been prepared in accordance with Accounting Standards and mandatory professional reporting requirements to the extent described in Note 1(a).

In the directors' opinion:

- (a) the financial statements and notes set out on pages 5 to 11 are in accordance with the *Corporations Act 2001*, including
 - (i) complying with Accounting Standards and other mandatory professional reporting requirements as detailed above, and the *Corporations Regulations 2001*; and
 - (ii) giving a true and fair view of the company's financial position as at 31 March 2014 and of its performance for the financial year ended on that date; and
- (b) there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the directors.

Independent auditor's report to the members of Financial Executives Institute of Australia

Report on the financial report

We have audited the accompanying financial report, being a special purpose financial report, of Financial Executives Institute of Australia (the company), which comprises the statement of financial position as at 31 March 2014, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year ended on that date, a summary of significant accounting policies, other explanatory notes and the directors' declaration.

Directors' responsibility for the financial report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view and have determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the *Corporations Act 2001* and is appropriate to meet the needs of the members.

The directors' responsibility also includes such internal control as the directors determine is necessary to enable the preparation of a financial report that is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*.

Auditor's opinion

In our opinion, the financial report of Financial Executives Institute of Australia is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the company's financial position as at 31 March 2014 and of its performance for the year ended on that date; and
- (b) complying with Australian Accounting Standards to the extent described in Note 1 and complying with the *Corporations Regulations 2001*.

Basis of accounting and restriction on distribution and use

Without modifying our opinion, we draw attention to Note 1, to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the directors' financial reporting responsibilities under the *Corporations Act 2001*. As a result, the financial report may not be suitable for another purpose. Our report is intended solely for the members of Financial Executives Institute of Australia.

Matters relating to the electronic presentation of the audited financial report

This auditor's report relates to the financial report of Financial Executives Institute of Australia (the company) for the year ended 31 March 2014 included on Financial Executives Institute of Australia's web site. The company's directors are responsible for the integrity of Financial Executives Institute of Australia's web site. We have not been engaged to report on the integrity of this web site. The auditor's report refers only to the financial report named above. It does not provide an opinion on any other information which may have been hyperlinked to/from the financial report.
